Dispersant

RD-9516

Features and Advantages:

Product RD-9516 is a universal dispersant launched by our company for PU color pastes. It does not belong to the alkyl phenol type of surfactants. It can show excellent grinding and dispersion performance for alkaline surface carbon black, increase the addition amount of color powder in the color paste/color paste formula, and still has low viscosity, good fluidity and storage stability.

Product parameters：

Appearance	Transparent liquid
Valid copy	98±2%
Chroma (Gardner)	＜ 7
Density	1.05g/cm

Recommended dosage：

Carbon black :10－30%

Usage:

First, dissolve RD-9516 in the mixture of the grinding base material, and then add the pigment for grinding.

Packing:

25KG or 200KG iron drum.

Storage:

Keep away from sources of fire and light; store in a dark place.
