

Deodorant

RT-3040

Features and advantages:

1. Deodorant can effectively eliminate the bad smell in the paint, adhesive and detergent, so that the environment becomes comfortable and fragrant.
2. In the process of coating use, the deodorant molecules adsorbed in the air oxygen molecules in the coating film volatile solvent molecules, so that the oxidation settlement, so as to fundamentally inhibit the discharge of odor, greatly reduce the pollution of the surrounding environment and harm to the human body.

Product specifications:

Appearance	Yellowish transparent liquid
Composition	Plant spice mixture
Smell	Pleasant smell
Refractive index	1.435
PH	5-6

Recommended dosage:

Latex paint	Oil paint
0.005–0.01%	0.01–0.05%

Usage:

can be added at any time in the production process.

Packing:
